What is a Huawei solar inverter integration?
This integration exposes the information and functions made available by Huawei Solar inverters directly via one of its Modbus interfaces in Home Assistant. Looking for more information? The Wiki contains in-depth documentation and support materials. HA Energy Dashboard Services

Does home assistant work with Huawei solar?
It works!Maximum respect! I can't connect Home Assistant via Huawei Solar,although it works correctly via Fusion Solar.

What integration options are available for a Huawei Solar System?
Hi all,For anyone that has a Huawei solar system - you know there's many different integration options including MODBUS TCP mode ECHONET LITE KIOSK MODE NORTHBOUND APIOther custom integrations to get the smart meter...

How to install Huawei solar?
Through HACS, install Huawei Solar and reboot. In settings, integration, add Huawei Solar. Enter the parameters IP, port 502, slave ID 1, elevate permissions. No need for an installer profile. Set thehidden parameters to enable. It created 7 entities: inverter, meter, and 5 inverters.

Does Huawei solar integration provide a 'input_power_with_efficiency_loss' sensor?
The "Huawei Solar integration" does providethe sensor.input_power_with_efficiency_loss which takes the inverter efficiency into account. I have not tested this sensor,but my assessment is that it may cause inaccuracies and/or errors due to the step-by-step adjustment of the efficiency.

Does the 'Huawei solar Pees package' work with other Inverter models?
The "Huawei Solar PEES package" include efficiency calculations for the Huawei SUN2000 L1 and M1 models. The package will work with other inverter models,but efficiency calculations will be done on basis of the efficiency calculations set up for these two models.

The Home Assistant "Huawei Solar" integration connects and works correctly. Also, I can still connect to the Inverter on its wireless interface using the Huawei app. Inverter sw: V100R001C00SPC148 MODBUS sw: V100R001C00SPC300 Dongle sw: V100R001C00SPC133 (listening on port 502)

December Weather in Saint Kitts and Nevis St. Kitts & Nevis. Daily high temperatures are around 83°F, rarely falling below 81°F or exceeding 86°F..
