Storage equipments Finland

That project also used equipment from Fluence. It was expanded to 28MW earlier this year. In fact, while it will be global energy storage technology provider and system integrator Fluence and MW Storage"s third BESS collaboration in Finland, it will be the fifth joint project the pair have worked on in total in Europe.

Storage Equipment Systems was established in April of 1982 with the aim of providing the best storage and handling equipment. We are a distributor of a wide array of warehouse equipment such as racks, shelving, conveyors, dock levelers, and all types of material handling equipment. We have an extensive inventory in our Phoenix warehouse, from ...
