Sun bird solar Belarus

In June 2016, a solar farm in the Molodechno area with a capacity of 5.7-5.8 MW was launched - more than any of the previous ones, not only in Belarus, but also in Estonia, Lithuania, Latvia and Poland. [2] In August of that same year, the Solar II [] farm was opened in Bragin District, more than three times its predecessor"s capacity. [3] In 2017, about 30 photovoltaic power plants ...
