Headquartered at Suzlon One Earth in Pune, India; the ...

Ecosun Aruba works with the very highest quality materials. We only use well known and reputable brands for our panels and inverters. Furthermore, all our solar panels are certified for usage in salty and windy environments like we have on Aruba. But even our cables and connectors are carefully chosen for their quality. We want our systems to last.

At 160 meters hub height the S144 will also be India"s tallest wind turbine. Suzlon"s S144 fleet will deliver a remarkable 40-43% higher generation over Suzlon"s current model, the S120 - 2.1 MW wind turbine, showcasing its ability to optimize wind resources at higher altitudes and make low-wind sites viable.

As a pioneer of the Indian wind energy sector, Suzlon forayed into the solar energy sector in 2016.
