Tad energy solutions ltd Montenegro

Does Montenegro have an energy efficient home?
In 2023,the project Energy Efficient Home continued to support households to purchase heat pumps with interest-free loans. Montenegro is still finalizing its draft NECP,which must harmo-nize the 2030 energy efficiency targets with the 2030 targets set by the Energy Community.

How many consecutive days has Montenegro produced electricity exclusively from renewable sources?
You have recently shared the information that Montenegro has for the first time ever produced electricity for 10 consecutive daysexclusively from renewable energy sources. How was that achieved?

Which energy projects have been subjected to an EIA in Montenegro?
Montenegro has not provided a list of energy projects that underwent screening and were subjected to an EIA. The de-velopment of the EIA, which should include an appropriate as-sessment for the Komarnica hydropower project, located within a candidate Emerald Site and the Dragisnica and Komarnica Nature Park, was delayed.
