Invest in a Techno-Solis solar heating system, that is cost effective and the very best option for heating your pool with environmentally safe energy. These solar panels are manufactured with high quality materials, including durable collectors that capture heat from the sun and provide an economical and environmentally friendly method to heat ...

Techno-Solis Solar Powered Pool Heaters are reinforced by adding a bead weld to provide panels with additional strength and protection. Before Leaving Factory, Every Panel goes through rigorous Quality assurance/Quality control test for seam, flow and finally pressure test at 95 psi.

Provides extra strength allowing our panels to withstand hurricane force winds! Rugged Construction. Our panels are 35% thicker than any other panel for superior durability and longer life. Connected Flow Tubes. Create insulation that reduces heat loss. Other panels allow heat to escape between the tubes, cooling the water down. Peace of Mind
