Solar panels capture the light of the sun and convert it to electricity. Their cost depends on several factors especially size, technology and manufacturer. Fortunately, the price per watt of panels have dropped steepily over the last couple of decades and as at June 2018 had a median retail cost of ? 233/W in Lagos, Nigeria so a 250W panel should cost an average of ...

SolarKobo will bear the upfront cost of a solar system and charge its customers a more palatable monthly fee.
