Los paneles solares Waaree están preparados para trabajar bajo las condiciones más exigentes, pues se trata de un tipo de panel solar de gran potencia, con una gran durabilidad y vida útil, de ahí la popularidad de la marca Waaree tanto en el Perú como a nivel internacional.

Waaree has developed a range of single and three-phase inverters with a focus on quality, reliability, and efficiency. The solar inverter helps convert the direct current (DC) from the solar panels into alternating current (AC), which is used by domestic and commercial appliances.

Discover our innovative range of solar solutions, proudly manufactured in the USA. Our products are designed for efficiency, built with cutting-edge technology, and tailored to meet the diverse energy needs of the US market.
