Zolar solar Greece

Where can Zolar install a solar system?
Thanks to our nationwide,close-knit network of our own solar technicians and specialist partners,zolar is close by wherever you are. This allows us to install PV systems in all regions. From planning to installation,zolar offers you all the advantages of a digital trade business,including local installation expertise.

How much solar power does Greece have in 2022?
In 2022,solar power accounted for 12.6%of total electricity generation in Greece,up from 0.3% in 2010 and less than 0.1% in 2000. The national government's 2023 National Energy &Climate Plan anticipates solar PV capacity rising from 4.8 GW in 2022 to 14.1 GW in 2030,and 34.5 GW in 2050.

How can Zolar contribute to climate protection?
We at zolar are convinced that together we can make a great contribution to climate protection. Become part of our mission and create a green world for everyone with us. With a PV system on your roof, you can generate cheap green electricity instantly.

Why should you choose Zolar?
Using solar energy also allows you to become up to 80% independent from your electricity provider and rising prices. When you decide on a PV system from zolar,you receive an all-round carefree package. From the first enquiry to the installation and questions during operation,we are always by your side as a reliable partner.

What impedes solar development in Greece?
Currently,probably the main reason that impedes solar development and that makes administrative procedures long and burdensome in Greece,including rooftop solar,is grid availability. In many areas,applications for solar rooftop PV are being rejected due to lack of electricity grid capacity.

How much does a solar system cost in Greece?
The average cost of a solar system in Greece is EUR3 per watt. To account for the typical energy usage of the average home in Greece,most homeowners require a 4.2-kilowatt system. Using the per-watt figure above,a solar installation costs about EUR8,600,or EUR6,450 after the federal solar tax credit of 25% is applied.
