What is the battery capacity of ZTE zxdc48 fb150c1?
The ZTE ZXDC48 FB150C1 lithium-ion battery is designed for backup or cycle use with a capacity of 150Ah. It has a large charge and discharge current of up to 100A and can connect up to 15 batteries in parallel. The battery uses LiFePO4 material and has a rated capacity of 150Ah at 25°C with a cut-off voltage of 42V and energy of 7200Wh.

What is zxdc48 fb100b3 battery?
Data sheet - ZXDC48 FB100B3 Lithium-ion Battery - Free download as PDF File (.pdf),Text File (.txt) or read online for free. The ZXDC48 FB100B3 SmartLi battery is a 100Ah lithium-ion batterythat can be used in parallel with lead-acid batteries at telecom sites. It is compact at 3U height,supports a 19" rack,and has excellent cycle life.

When does zxdc48 fb150c1 lithium-ion battery expire?
ZTE hereby solemnly informs you that the EOM date of ZXDC48 FB150C1 Lithium-ion Battery is July 20,2022. and the EOL plan is shown in the following table. After the EOM date,ZTE will no longer accept orders of this product. You can purchase spare parts before LTBSP.

What are the dimensions of a zxdc48 fb101 battery?
l Dimensions (W × D × H): 442 mm × 390 mm × 176 mm(4U) . For the panel of a ZXDC48 FB101 lithium-iron battery,see Figure 3-2. 3-1 For a description of the components on the battery panel,refer to Table 3-1. 1 Battery anode "+" Connects the anodes of batteries.

Is zxdc48 fb101 overcharged?
à The ZXDC48 FB101 is over-dischargedand over-discharging protection occurs. à The ZXDC48 FB101 is often undercharged. à The ZXDC48 FB101 is stopped being used or stored for more than three months. battery and corollary power supply. computer. In float-charging status,the battery voltage should be higher than 3.3 V.

What is in the zxdc48 fb101 manual?
Revision History This manual provides information about the ZXDC48 FB101 (V1.0) battery system. It provides information about the structure,performance,and application of the product. This manual contains the following chapters. Security installation,use,and storageof the ZXDC48 FB101.
